

8th June 2018

Our New Website

Dear Parent and Carers,

Over the last year we have been working hard to re-design our website. Having spoken to yourselves and all the staff and Governors about what you would like to see in our new website we knew we had to create a website that would enable you to access key information about school life and keep up to date with the latest information. It also needed to be tablet and iPhone friendly!

I am very pleased to tell you that it is finally ready to launch. Our new website can be located at www.wraysburyprimary.co.uk and you will be able to follow us on twitter @wraysburyschool. This feed is also linked through to our new website. We will use this to tweet from some sporting competitions, trips and residential excursions where possible.

Why not have a look from Monday 11th June!

Some of the new features include:

- Up to date calendar on the home page
- Clear tabs for particular aspects of school life
- Links to other useful sites and providers
- Copies of letters that you might have missed
- Gallery of photos showing what we have been up to

We will be continually adding information throughout this term so keep your eyes peeled.

Many thanks for your continued support.

Miss D Whitrod
UKS2 Leader/Computing Leader
