

Light

Year 3-Summer 2

Scientific knowledge

- Recognise that they need light in order to see things, and that dark is the absence of light.
- Notice that light is reflected from surfaces.
- Recognise that light from the sun can be dangerous and that there are ways to protect their eyes.
- Recognise that shadows are formed when the light from a light source is blocked by an opaque object.
- Find patterns in the way that the size of shadows change.

By the end of the unit, I will be able to...

To recognise that they need light in order to see things, and that dark is the absence of light.

To notice that light is reflected from surfaces

To recognise that light from the sun can be dangerous and that there are ways to protect their eyes.

To recognise that shadows are formed when the light from a light source is blocked by an opaque object.

To find patterns in the way that the size of shadows change.
