

Year 6 Home Tasks for w/c 13.7.20

Reading:

If you have finished reading The Ickabog then please write a book review.

You can design your own or use the template provided.

<https://www.theickabog.com/home/>

Check in to Doodlemaths daily and complete any tasks set. (Not all in one go!)

Any problems, contact Doodlemaths directly.

Maths and English Daily Tasks:

We have uploaded the next Maths/English pack for you to complete. Please see the Year 6 **Week 10** Home Learning Pack created by Classroom Secrets.

These tasks are to be completed daily and are clearly labelled Monday to Friday. Please complete the Week 10 pack only.

The tasks are to revise and consolidate learning in Maths and English that has already been taught in Year 6. The English is a mixture of grammar, reading and writing tasks.

The sheets do not need to be printed out and there is guidance to explain the methods the children should be using.

If you feel that the work set is slightly too challenging, then you can dip into the home learning packs of other year groups. The website where you can download these other packs for free is: <https://classroomsecrets.co.uk/free-home-learning-packs/>

PSHE/Wellbeing:

Have a think about any changes which may have happened over lockdown but, in particular, think of the changes which might happen in the following year. Write down those changes, thinking carefully about what you expect will happen and which changes might still be unknown. If you are comfortable to do so, share the changes with your family and think about some practical ways to manage your feelings about the changes.

Now, visualise three positive changes that have happened in your lives recently and be aware of the positive emotions attached to those things.

The Maya

History/English:

Read through the PowerPoint on Maya Gods and Religion. Make sure you take notes for the fact-file you are going to create.

Task:

Complete a fact-file containing information on the name and meaning, appearance and other facts about 3 or 4 Maya gods. Be creative with the design and layout of your factfile - illustrate and decorate.

History/Maths:

Read through the PowerPoint on The Maya Number System.

Task:

Complete the activity sheet (3 different levels of difficulty) to work out the Maya numbers using the key to help you.
