

Hot and Cold places

Geography

Year 2 - Summer 1

Geographical Knowledge

Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles.

By the end of the unit, I will be able to...

Understand and locate the continents of the world making reference to size and environment.

Locate the North and South Poles and understand what they are.

Locate the equator on a world map and understand what it is.

Compare the United Kingdom to Kenya.

Investigate local weather conditions.

Identify key features of hot and cold places.
