

'Sticky' Knowledge

Antarctica is a continent. The South Pole is located there.

It is too cold for people to live there.

It is the coldest and windiest place in the world.

The only people who visit are explorers and scientists.

A famous explorer Shackleton visited the South Pole.

Some Animals that Live in the Antarctica

Blue Whale

Elephant Seal

Orca

Emperor Penguin

Emperor penguins huddle together to keep warm. The 'daddy' penguin looks after the baby chick whilst the 'mummy' penguin spends 9 weeks at sea, feeding.
