

November 2025

Dear Parents and Carers

Firstly, the EYFS team are so pleased with how well the children have settled and we have had a lovely first half term getting to know them.

From Wednesday (5th November) we ask that the children walk into school by themselves. This is following the whole school policy and also enables the children to gain some independence. If you feel your child may struggle with this, please drop them at the side gate at the front of the school where a member of the EYFS team can be on hand to walk them to the classroom. The team will obviously ensure that we help everyone settle into the classroom. Siblings/cousins can also bring the children to the classroom door. Due to this, we have put a communication book into each child's bag so that you can let us know any information that might be useful for the day. Please can this book stay in the bookbag because we will use it to communicate with you.

Please could we ask that your child brings in a raincoat each day.

Many thanks

The EYFS team
