Parent Feedback Survey April 2025

Dear Parents and Carers

You may remember that just before the Easter, we held a survey asking for views on certain aspects of the school. Thank you to everyone who took the time to respond, and we are pleased to share the results with you. We had 48 responses and each response is, therefore, worth approx. 2%. There is a full table over page and it was very reassuring to see that 92% of parents who responded agreed that their child felt safe in school, and 85% are happy here. As you know, we have worked really hard on behaviour over the last 2 years, and such a wide range of people, internally and externally, have commented on the huge improvements they have seen. It was particularly pleasing to see that 71% of parents who responded think behavior is good.

We have taken note of the response to the question regarding 'wider personal development' for the children. As a school, this has always been a strength and so we took the opportunity to share all our work with you in a workshop that Mrs Khan and Mr Darbon ran before half term. We have uploaded it onto the website, and we hope that parents now feel reassured. The link is here for you [Wraysbury Primary School - Personal Development](#).

We have also been considering your responses to the question of a good range of subjects being available at the school. Again, we will be sharing aspects of our learning further through Family Sharing and workshops this term, but why not take a look at what our learning consists of - we'd love to hear ideas from you too!

As a school, we continually aim to improve and we will certainly consider your responses as we make plans for the future.

Kind regards

Alison Fox
