

Understanding The World - Spring

'Sticky' Knowledge

Spring is one of the 4 Seasons

Leaves start to grow on the trees.
On some trees, blossom grows.

It is warmer, windy and there can be lots of rain showers.

Animals wake up
from hibernation.

Birds return to the UK after migrating.

Some baby animals are born
e.g lambs, ducklings and piglets.

Certain flowers grow e.g. daffodils and bluebells.
